sand Additional Gallons Last Year. The 45th annual report of the Burlingon water department made its appear

nce Friday, it being also the 26th anal of the water commissioners. The report of the water commissioners hows that the receipts from water rates or the year of 1914 were \$57,298.58, an inrease of \$2,101.36 over the receipts of the year preceding. This fact is attributed to the larger consumption of water and the more accurate registration of me ters. The disbursements were \$54,997.18, which provide for all current and overing fund of \$5.872.94 which is in excess of \$6.127.48 of the amount required by char-

The bonded indebtedness of the department is as follows: Four per cent, bonds due in 1919 ... \$ 58,000.00 Four per sept bends due in 100,000.00 Four ter cent bonds due in \$200,000.00

housework or attend to my baby I was soweak. Lydia E. Pinkham's Vegetable Compound did me a world of good, and now I am strong and healthy, can do my work and tend my baby. I advise all suffering women to take it and get well as I did."—Mrs. FANNIE COOPER, R.F.D., Bridgeton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.
